

Capstone Project Weekly Progress Report

Semester	Summer 2023
Course Code	AML3406_1
Section	Section 1
Project Title	OrderWhiz – Smart Food Ordering Assistant
Group Name	Group 1
Student names/Student IDs	Krati Rastogi – C0858753 April Alcantara – C0858528 Praveen Mahaulpatha – C0860583 Thulana Abeywardana – C0861333 Tomson George – C0857730
Reporting Week	Week 2
Faculty Supervisor	Prof. Vahid Hadavi

1. **Tasks outlined in the previous Weekly Progress Report for this reporting week at individual level and group level** (Provide detailed information on the tasks to be completed in this week)

- 1.1 **Your tasks**

Setting up GitHub repository for the capstone project and adding the teammates as a collaborator.

- 1.2 **Your team's tasks**

Member	Responsibility
April Alcantara	Setup project management tool
Praveen	Helping April with setting up the project management tool
Thulana Abeywardane	Design the project architecture for idea 2
Tomson George	Create resource sharing drive for the team and help Thulana with the architecture design

2. Progress made in Reporting Week at individual level and group level (Provide detailed information on the progress that you made in the reporting week. Limit your write-up to no more than one page, preferably bullet format)

2.1 Your progress

- Came up with the idea for smart food ordering.
- Researched the ways to approach the idea.

2.2 Your team's progress

- Set-up Jira project management tool and integrate it with the GitHub repository.
- Created slides for the idea presentation.
- Set-up of a google drive to share resources.
- Discussed the feasible ideas which we can work on such as shelf management for retail stores and smart food ordering chatbot.
- Discussed the possible challenges that we might face in the future.

3. The areas/tasks you could not make progress and/or complete as scheduled or the difficulties encountered in this reporting week at individual level and group level.

3.1 Individual project blockers

None

3.2 Your team's project blockers

Wasn't able to connect GitHub with project management tools like Asana, Trello and Monday.

4. Tasks to be completed in next week at individual level and group level (Outline the tasks to be completed in the following week)

4.1 Individual tasks

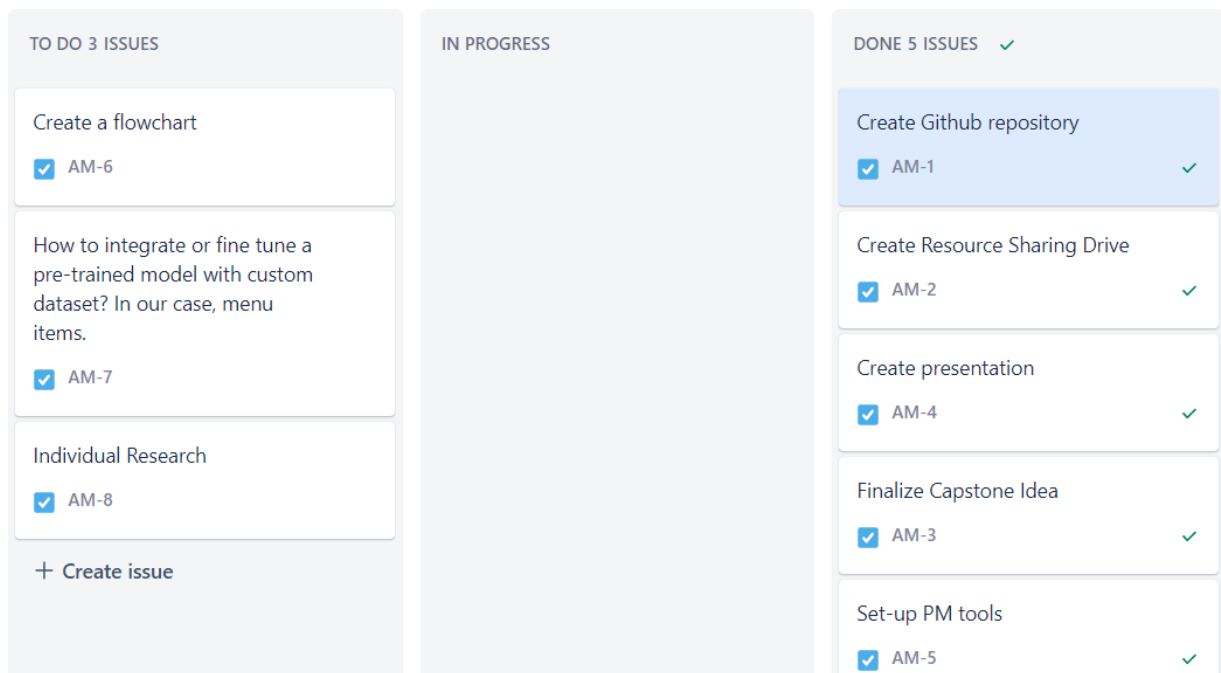

Present the project to team members with respect to below aspects:

- Project Methodology
- Technologies to be used
- Dataset acquisition
- End product outlook
- Possible challenges

4.2 List related resources **Your team's tasks**

- Present the findings to the discussed criteria.
- Discuss and create Gantt Chart
- Plan the weekly sprint and create relevant tasks in the Jira project board.

6. the tasks from your sprint planning (Github/Zenhub) for the present period.

7. Include charts/graphs (e.g., burn down charts) from your project management tool (Github/Zenhub) that shows your progress for the period of this report.

N/A

8. Include a note and address to your project Github with list of codes uploaded/updated on Github in this reporting week.
